INTRODUCTION.

With this volume is presented the Friends' Record of Rhode Island, Narragansett, Smithfield, Kings Towne, Providence and Swansey, and also those of Ministers or Elders who kept a record of the Marriages performed by them. The reader has only to glance through these records to convince himself that he has a very fitting supplement to our previous volumes, and we have no hesitancy in saying that he will feel as amply repaid by his search in this volume as in any other one of the series. The Friends kept a most admirable record and its great value is now fully appreciated by many who do not belong to this faith of Christians, but yet admire the many sterling qualities of heart and hand that characterized these Christians.

From their manual of 1836 we make the following extracts regarding their Meetings in Rhode Island.

RHODE ISLAND MONTHLY MEETING.

Friends resided in the territory now comprehended by Rhode Island Monthly Meeting, at a period nearly as early as at any other place in America. In 1657, Mary Dyer, a member of the Society, went upon business of a pecuniary nature, from Rhode Island to Boston, [Sewall's History, Philadelphia edition, Vol. 1, page 193.] where she was imprisoned and afterwards executed, in company with William Robinson and Marmaduke Stevenson. For a complete history of the sufferings of those individuals see "Sewall's History," Vol. 1, page 250, and those that follow, also "Book of Martyrs," page 543 et seq.

The first records upon the books of this Meeting are dated the 12th of 10th mo., 1676; but, from references in subsequent minutes to Meetings formerly held, it undoubtedly was established prior to this date. Meetings were held at Newport, Portsmouth, Jamestown and Tiverton.

GREENWICH MONTHLY MEETING.

This Meeting, it will be perceived, was one of the three which originally constituted the Quarterly Meeting to which it belongs. It was established on the 12th of the 4th month, 1699, under the name of "Narragansett Monthly Meeting," and was held at the house of John

Briggs in Kingston. Hence it was occasionally referred to as "Kingston Monthly Meeting." It was held three months at this place, and subsequently at the house of an individual in Warwick until the 2d of the 7th month, 1700, when it was decided that it should be removed to the "New Meeting in East Greenwich." It was held constantly at the latter place about seven years. In the 7th month of the year 1707, the Quarterly Meeting directed that it should be thenceforward held at Providence and at Kingston three months each, during the year. Consequently, it was held at Providence, Greenwich, Kingston and East Greenwich alternately, until the year 1718, in the 4th month of which, Providence Monthly Meeting was set off from it, and established by the Quarterly Meeting. In the 3d month, 1743, this meeting was again divided and the new one thus formed called the "Kingston Monthly Meeting." In the 2d month, 1744, the Preparative Meeting of Neshonticut, now Cranston, was established, and the Monthly Meeting was thereafter held alternately at this place and at Greenwich. Meetings were held at Greenwich, Cranston, Foster, Plainfield, Wickford, Coventry and Warwick.

SWANSEY MONTHLY MEETING.

Swansey Monthly Meeting was established on the 13th of the 8th month, 1732, and the first meeting was held on the 4th of the 10th month in the same year. It is now held on the last second-day in the month, at Somerset in the 1st and at Fall River in the 2d, and thus alternately. This meeting comprises three Meetings of Swansey, Freetown and Fall River.

A meeting formerly held at Taunton was discontinued 12th month, 26th, 1731.

SOUTH KINGSTOWN MONTHLY MEETING.

This meeting was set off from Greenwich Meeting and established on the 30th of the 3d month, 1743. Meetings are held at South Kingstown, Hopkinton, Richmond and Western South Kingstown. A small meeting for worship was formerly held at a school house near Wood River [Usquepaug] in South Kingstown. It has been discontinued about two years since. Another meeting was held at Westerly, which also has been abolished.

PROVIDENCE MONTHLY MEETING.

The Original Meeting set off from Greenwich Monthly Meeting in the 4th month, 1718, under the name of "Providence Monthly Meeting," became known in course of time as the "Smithfield Monthly Meeting." As it became somewhat large, and its limits extensive, it was divided in 1783, and the first session of new meeting that was formed was held on the 5th of the 11th month, 1783. The records of this Meeting contain the following minute: "This Meeting received —— extracts of the ——

Quarterly Meeting Minutes by virtue of said Lower Preparative Meeting is set off from Smithfield Monthly Meeting and is constituted a separate and distinct Meeting by the name of the "Providence Monthly Meeting." Meetings were held at Providence, Lower Smithfield, Cumberland and Scituate.

RHODE ISLAND QUARTERLY MEETING.

Rhode Island Quarterly Meeting was established by the Yearly Meeting in 1699, and at that time comprised the Monthly Meetings of Rhode Island, Dartmouth and Narragansett. In the early records the last of these three is called Kingston, but it is now known by the name of Greenwich.

This Quarterly Meeting is constituted of five Monthly Meetings, viz: Rhode Island, Greenwich, Swansey, South Kingstown and Providence, which are formed by fifteen Preparative Meetings, and twenty-two Meetings for Worship. It is held on the first fifth-day in the month: at Providence in the 2d, East Greenwich in the 5th, Portsmouth in the 8th and Somerset in the 11th months.

ACKNOWLEDGMENTS.

We have still occasion to thank the General Assembly that they have been pleased to continue our work and to have made such ample arrangements for the publishment of our proposed supplement. We feel a keener pride in our work as we see it approaching the concluding volumes, and we are thankful that the work has been so very favorably received by the public as also for the many kind words spoken for it. We wish here to acknowledge the many kind favors received from Dr. Henry E. Turner and R. H. Tilley, Esq., both of Newport, and for placing so much manuscript, pertaining to Newport and vicinity, at our disposal. These gentlemen have done a great work for Newport and no doubt posterity will yet do justice to their labors.

THE CONDITION OF THE RECORDS.

Without giving offence, and only with the very best intentions, we remark that many of our Churches do not bestow that care upon their records, that they ought to do and thus leave their earlier records liable to destruction and loss. Many of our older Churches regret that they have not their first records. Every church should look carefully to this question of preservation and it would not be a bad plan to place their earlier records in the hands of the Town Clerk for safe keeping. We are more than pleased whenever we find a church that has copied their first records and thus preserved better this priceless treasure, and we trust this will be followed by other churches until the whole shall be fittingly preserved.

PLEASE OBSERVE.

I. That the marriages are given in duplicate, but that nothing be-

yond the names and date are given where the bride is placed first. That under the groom the notes are so extended as to include all the items of the record from whence it was taken. The reader will consider the bride being placed first, therefore, as merely an index for him to consult the other entry in its proper place. Should they disagree, give the groom the preference if possible. That the births and deaths are grouped so as to better enable the reader to see at a glance the names and dates in their natural order of the members of the family.

II. That the indices are so constructed as to show,

(a) The names occurring in their natural order.

(b) The names occurring incidentally.

(c) The places mentioned in the text.

III. The spelling of the names in many cases are given as they occur in the original. This accounts for the great variety as found in this work.

IV. Every convenience that would aid the reader, and everything that would naturally perplex him, have been carefully studied. While not claiming perfection for our work, we would say that no pains have been spared in order to make it as simple as possible, and yet comprehensive. How well we have succeeded must be left to the judgment of the reader.

A REQUEST.

It would be a great favor to the compiler of this work if every reader who consults these pages would copy out and send to him at Providence, R. I., copies from his family record in the Bible, or where else the same may be recorded, or any other information he may be in possession of, in order to make these records in the future as complete as possible. It makes no difference whether the party resides in the State or not. If it connects with Rhode Island families it is sufficient. While these items may appear trifling unto a great many, they may become of great value in the future, and therefore, we desire to make this work as complete as possible, and that errors wherever found may be pointed out and corrected as soon as possible.

THE NEW SERIAL.

We are in fond hopes that the year 1895 will witness a decided advancement in the publication of our new serial.

RHODE ISLAND COLONIAL GLEANINGS.

It is the earnest and sincere wish of the compiler that the documentary history of our State may be made as complete as possible; certainly there is nothing in the way but the disposition of the people themselves. Several towns and cities of Massachusetts have set a good example in this direction. Our towns can produce equally as interesting matter, and why not produce it? When these old records are so constantly in demand and the manuscript is becoming so faded, it seems to us reasonable an effort should be made to place it in a better shape for future preservation.

Rhode Island Friends Records.

MARRIAGES.

In 1699, the Yearly Meeting of Friends for New England, established Rhode Island Quarterly Meeting consisting of these three Monthly Meetings, viz:

1. Rhode Island Monthly Meeting.
2. Narragansett, (now Greenwich), held for a time at Kingston and hence was sometimes called "Kingston Meeting," but in 1700 moved to "the New Meeting in East Greenwich," where it was held constantly for seven years. In 1707, the Quarterly Meeting directed that it should be held at Providence, Greenwich, Kingston and East Greenwich alternately, as was done until 1718, in the 4th, mo. of which, Providence Monthly Meeting was set off and established by Quarterly Meeting. In the 3d. mo. 1743, it was again divided and the new one was called "Kingston Monthly Meeting." This is now South Kingstown Monthly Meeting now held at Hopkinton.
3. Dartmouth Monthly Meeting 26, 4th mo. 1699.

The Rhode Island Friends Record of Marriages Births and Deaths have been copied for this work from Dr. Henry E. Turner's manuscript. While we regret that our worthy Doctor did not keep them in the Friends style of Recording Time we trust the reader will pardon this departure. We would call attention also to the fact that 6mo 17th previous to the year 1752 would not be June but August. March was First month until 1752, and, therefore, not to confuse matters in our own copy we followed the Friends Customs merely changing for sake of uniformity 9mo 6th and 6th 9mo both methods being used in their records to the form as shown in our copy. THE COMPILER.

Elder John Gorton's Marriages.

The following list of marriages (281 in number) cover a period from Jan. 1, 1754, to May 4, 1792. The list here published is substantially the same as that printed in the "Pawtuxet Valley Gleaner" during the summer and autumn of 1879. Elder Gorton was pastor for many years of the Warwick and East Greenwich Baptist Church and is buried in the old churchyard there. His tombstone records the fact that he died June 6, 1792, in his 70th year and that he was 39 years and 9 months an ordained minister of the Gospel, of the Baptist Church of East Greenwich. He lived in a gambrel roof house now standing and located near the East Greenwich line on the main road from Apponaug to Greenwich. He is supposed, though we think erroneously, to have been in his day the only Elder in the town. At the time this list was first published in the "Gleaner" the original book of the Elder s from which these marriages were transcribed was in the possession of Mr. Henry W. Greene. Part of the leaves are of the old Stamp Paper pattern of the times. The book is bound in sheep skin, has a brazen clasp and the manuscript is in the Elder's own writing. The great value of this contribution at the present time is apparent at a glance.

Richard writes: I was born in Winchten, Hampshire, Old England, near Christ's Church, in April, 1693. Some missionaries bound to Sariman, stopped at Newport, at the time Mr. Whitefield was there, and captivated the hearts of Mr. Haywood and his friends. The First Sabbatarian Church of Newport.

The first preaching of the peculiar Sabbath Day doctrine in Rhode Island, was by Stephen Mumford, who came from London in 1664. Several embraced his idea of the Seventh Day but retained their fellowship with their church until Dec. 7, 1671, when William Hiscox, Roger Baster, Samuel Hubbard, Lacy Hubbard, Rachel Langworthy, left their church and with Stephen Mumford and a sister, whose name is lost, set up a new church Dec. 23, and called Mr. Hiscox to be their pastor. The church was very prosperous and enjoyed several revivals up to the time of the Revolution. From this period up to 1836, the church lost its prosperity, and from 1836 forward it dissolved or removed, until now there is no church of its order in the town The house has been favored with a better fate. It has passed into the hands of the Newport Historical Society and they have fondly cherished the old pulpit and are keeping it in order nearly as possible, consistent with their work, as it came into their possession If the order has become extinct in the place of its origin, it has spread over other fields and today exerts an extended influence in other States. Westerly and vicinity has an extended communion in our State today.

The following list of members, therefore, will be deeply interesting to all historians interested in this truly historic order:
